Pre-Occupational Therapy (Public Health)

For students entering Fall 2023 or later

Drake offers a pre-Occupational Therapy (pre-OT) program for those interested in an occupational therapy degree, allowing you to begin working toward your Doctorate degree right out of high school. As a pre-OT student in public health, you will complete three years in the public health major, followed by three years in the Occupational Therapy Doctorate (OTD) program. This track includes several benefits including full consideration for admission to Drake's OTD program, an occupational therapy faculty mentor to provide resources & support, and access to courses in Health Sciences providing you with career exploration opportunities, innovation and practice management skills, & health care system understanding.
