English 60 and 61 should be taken in the first year or second year. The Department recommends that students take courses numbered 20-99 earlier in their plan of study for the purpose of better preparing themselves for courses at the 100-174 level. English 196 is intended as a capstone, and students should enroll in it near the completion of their programs. Three elective credits toward the major (at the 1-99 level) are given for Advanced Placement. Transfer students must take a minimum of 18 credit hours in the Drake English Department. Sections of English 99, 174, and 197 taken in fulfillment of the writing core must be approved by the advisor.
