

Actuaries and finance professionals both support financial security and decision-making in an organization, with actuaries focusing on management of risk and uncertainty, and finance professionals planning for future investment and financing choices. This joint major prepares students to do both functions together and helps them to pursue a career in either field.

For students entering Fall, 2022 or later

Revised August 10, 2022

I. Basic Graduation Requirements	
120 - Total Credit Hours	<input type="text"/>
