**Section Three: OT General Electives**

The optional elective courses are displayed in the OT General Electives section.

Each Area in your degree audit has an individual heading **[A]** with a description of the area and requirements. The Met column displays if you have fulfilled the requirements for the area **[B]** with a Yes or No. Because there are no required General Elective courses within the OTD curriculum, the No **[C]** is listed by default but does not negatively impact your ability to progress as a student. If you enroll in and complete an elective course, a Yes will populate along with the course details.

**Area Requirements**

Met	Credits		Courses	
	Required	Used	Required	Used
<b>A</b>	<b>Area :OT General Electives</b>			
	Yes	0	0	0

**Area Description**

While general elective courses are not required for the OTD, this section includes all elective coursework outside of the OTD required curriculum including J-term courses. This section also includes courses for which a D or F were earned in a required OTD course. These credits are not counted in the total 145.5 credits required since the course is repeated the grade is changed to XX and the credit hours become 0.
