

Going

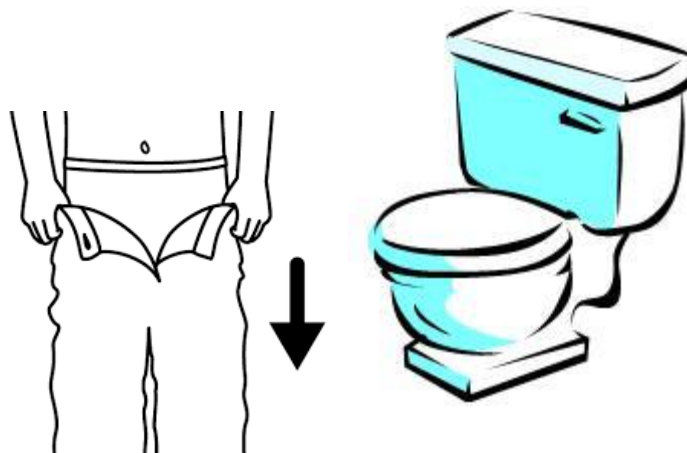

Potty

By Molly McDonough
Drake University OTD Student

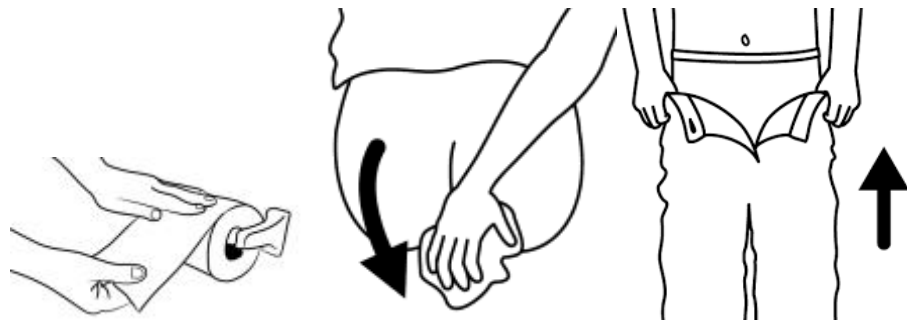

I wake up and run to the bathroom.

I pull my pants and underwear down and sit on the potty.

After I pee and go poo I wipe my bottom with toilet paper. Then I pull my pants up.

If I need help I can ask my teacher, mom, or dad.

I wipe my bottom with toilet paper.
Then I flush the potty. The noise
and water swirling might scare me
but it doesn't hurt me.

I sing happy birthday to myself
while washing my hands with soap
and warm water.

I dry off my hands off with a towel.

I play and do fun things.

Next time I have to go pee or poo I go to the bathroom.

No more diapers I am a big kid now.

I can go potty all by myself 😊

THE END
