

Hello and congratulations. On behalf of the over 6,000 Drake law alumni throughout the United States, we offer our congratulations on reaching this important milestone, your graduation from law school. As you begin thinking about your future, we're sure that there is some anxiety, because you wonder what the job markets or the legal profession will look like after the United States comes through the pandemic that we and the world are experiencing.

The alumni offer our services and support as you begin looking for that job or next opportunity. Please call us or email. We're here to help, and look forward to helping you with that networking process. As a member of the class of 2010 at Drake Law, I can empathize a bit with you in the uncertainty of your future. As we were sitting at graduation, we too, wondered if we would find jobs. The economy had collapsed, and government was no longer hiring, and large firms were putting all of their job offers on hold.

10 years later, I can tell you that we are all gainfully employed. We are partners in large firms. We have successful sole proprietorships. We are judges, we are prosecutors. The future is good when you have a law degree. Congratulations on all you have achieved. We look forward to hearing from you, and we look forward to celebrating with you in the future. Don't forget us, and please come back. Thank you.
