

I have worked in continuing and online education for almost 25 years. My great passion is to increase access to education for nontraditional students, whether that is increasing flexibility through online education or creating new opportunities for knowledge through innovative pathways. I value building relationships and doing so in a way that focuses on ensuring an exceptional learning experience for online students.

I have had many roles in higher education, including as assistant vice chancellor of Enrollment Management; interim dean for Outreach and Adult Access; director, Adult Degree Program; and director, Small Business Development Center.

My educational background includes a Ph.D. in Urban Education with an emphasis on Leadership from UW-Milwaukee, an MBA from UW-La Crosse, and a bachelor's degree in communication from the UW-Eau Claire. I also have a certificate through Quality Matters for online instruction.
