We must have the following information to complete the processing of your 2019-2020 Financial Aid application. As part of your FAFSA review, we have noted a possible inconsistency in the information that has been reported for your **parents'** assets on the FAFSA and the amount of interest, dividend, and/or capital gain income reported on your **parents'** 2017 Federal tax return. **PLEASE NOTE: Financial Aid is awarded on a first come first serve basis; therefore, it is very important to send us the necessary information immediately. We cannot complete your application until this information is returned.** If you have any questions concerning this form or the financial aid process, please call our office at 515-271-2905 or toll-free at 1-800-44-DRAKE. Thank you for your cooperation!

We currently have the following information on file:

Parents' Assets (from FAFSA)	Parents' Income from Assets(from 2017 Federal tax return)
Cash/Savings/Checking	Interest
Net Investments	Dividends
	Capital Gains

In order to complete the processing of your financial aid application, we need to verify the net worth of your **parents'** assets at the time you filed the FAFSA. To do so, please complete the following worksheet.

Name/Source & Type of Investment or Account	Interest / Dividend / Capital Gain Income Earned 2017	Net Worth:
<i>Example: Home Town Bank - Savings</i>	\$53	\$503.25
	\$	\$
	\$	\$
	\$	\$
	\$	\$
TOTALS	\$	\$

We realize the level of interest, dividend, and capital gain income reported on your **parents'** 2017 Federal tax return may have been generated from savings and investments that were no longer owned when you filed your FAFSA. If this is the case, please explain this apparent decrease in asset value on the back of this form.

- If checked, please also provide a copy of Schedule B of your **parents'** 2017 Federal tax return.
- If checked, please also provide a copy of Schedule D of your **parents'** 2017 Federal tax return.
