

DRAKE UNIVERSITY ARTICULATION AGREEMENT

with

KIRKWOOD COMMUNITY COLLEGE

*a course equivalency listing and
transfer planning guide for the*

AREAS OF INQUIRY DRAKE CURRICULUM

***DRAKE GENERAL EDUCATION FOR ENTRY
SPRING 2020 AND LATER***

This articulation agreement is based on the Kirkwood Community College 2019-2020 General Catalog and the Drake University 2019-2020 General Catalog. Changes may occur prior to your first semester at Drake University. In the academic advising appointment with your Drake University College or School representative, inquire about any changes and how they may be relevant to creating your degree plan and reaching your educational goals. Please refer to www.drake.edu for up to date information.

For more information please contact:

Drake University Office of the Registrar, 2507 University Avenue, Des Moines, IA 50311
Phone: 1-515-271-32025
registrar@drake.edu

Welcome!

Course Applicability

EQUIVALENT: For courses from KCC which have direct course equivalents at Drake, this agreement shows the Drake course with the course number in boldface.

ELECTIVE: Students will be granted college transfer credit for courses in this category. However, these courses are not equivalent to any single Drake course. A course in this category may be used to fulfill required or elective course requirements at the discretion of the Associate or Assistant Dean of the Drake college or school in which a student is enrolled.

CAREER-TECH: A maximum of 16 semester hours of career-technical elective credit may be granted at the discretion of the Associate or Assistant Dean of the Drake college or school in which the student is enrolled.

NO CREDIT: Drake will not grant credit for these courses.

Regardless into which category a course may be placed (equivalents or electives), the Academic Representative of the Drake college or school to which you are granted admission will determine how each transfer course meets specific requirements for the degree you are seeking.

Drake's Areas of Inquiry

Most courses are accepted by Drake at their KCC semester hour value. The courses outlined will count toward satisfying the Drake Curriculum Area of Inquiry (AOI) requirements for majors in all of the colleges and schools at Drake University. A maximum of 66 semester hours of transfer credit from two-year institutions will be accepted. The Associate or Assistant Dean of the Drake college or school in which a student is enrolled will determine how each transferred course meets specific degree requirements.

Achievement guidelines are established in **ten Areas of Inquiry (AOIs)** that reflect the fundamental Drake Curriculum principles and emphasize responsible decision making and self-discipline. **The approved Drake Curriculum course list for current Drake students can be accessed on line** at <http://www.drake.edu/dc/>

To fulfill Drake Curriculum Areas of Inquiry (AOIs), 37-38 semester hours of course credit must be completed. The First Year Seminar and Senior Capstone requirements combined total 4-6 semester hours of credit. Total credit hours required to complete the entire Drake Curriculum: 41-44 semester hours. Transfer students are not required to complete all of the coursework prior to enrollment at Drake. In some cases, a course may be approved for more than one AOI. For example, BUS 185 is approved for both the Critical Thinking and Values and Ethics AOIs. In those cases, the course may be applied in only one area. These courses, however, may simultaneously count toward a specific college or major requirement. Students are strongly encouraged to keep course syllabi from transfer institutions so that a closer evaluation may be made in the event that a course may need to be re-evaluated for its applicability to the Drake Curriculum plan. Drake University will also accept some AP, IB and CLEP subject tests to fulfill certain Drake Curriculum Areas of Inquiry.

The AOI abbreviations (i.e. "WRIT" or "CRIT") are located in the right column of the Course Equivalency Guide and in each AOI heading below.

ARTISTIC EXPERIENCE (ARTS)

Drake students will learn to interpret and/or create art. Art constructs an essential and ongoing dialogue among individuals, cultures, and societies. Art--whether it takes visual, musical, or theatrical form--grows out of sustained intellectual inquiry. Drake students will recognize that art provides distinctive ways to engage the world and create expressions of the human condition.

One course

ART	101	Art Appreciation	DRA	101	Introduction to Theatre
ART	133	Drawing	DRA	125	Intro to Play Analysis
ART	161	Digital Art	HUM	116	Encounters in Humanities
ART	163	Sculpture	MUS	100	Music Appreciation
ART	203	Art History I	MUS	102	Music Fundamentals
ART	204	Art History II			
ART	301	Design Fundamentals			

CRITICAL THINKING (CRIT)

The Drake Curriculum makes an intentional effort to help students acquire the skills for rational analysis and argumentation. Critical Thinking should be purposeful, rigorous, self-reflective, and based on a careful consideration of evidence.

One course

ACC	152	Financial Accounting
BUS	185	Business Law I
CIS	171	Java Programming I
CSC	142	Computer Science
LIT	208	Forms of Literature: New Media
MKT	150	Principles of Advertising
PHI	101	Introduction to Philosophy
PHI	105	Introduction to Ethics
PSY	251	Social Psychology
SPC	101	Fundamentals of Oral Communication
SPC	112	Public Speaking

THE ENGAGED CITIZEN (CITZ)

Drake students will learn to participate effectively in democratic processes. Democracy relies upon the participation of an engaged, knowledgeable and responsible citizenry. As preparation for active participation in public debate, Drake students learn to evaluate the mix of diverse values and interests that influence democratic decision-making. In a sophomore level course, students have the opportunity to bring diverse disciplines to bear in further developing the skills, knowledge, and dispositions that will lead them to be active stewards working for the common good of local, national and global communities. This requirement will be fulfilled through coursework that challenges students to critically reflect upon the social, economic or political institutions and issues that shape the choices they will face as citizens. Instructors will provide students with opportunities to model democratic practices or public engagement through participatory activities organized in the classroom and/or community. Engaged Citizen courses require sophomore standing (students must have 30 or more credit hours).

One course

MMS	240	Promotions and Public Relations
MMS	241	Public Relations & Marketing
POL	121	International Relations
POL	150	Intro to US Foreign Policy
SPC	101	Fundamentals of Oral Communication
SPC	112	Public Speaking

GLOBAL AND CULTURAL UNDERSTANDING (GLOB)

Through understanding the interaction of knowledge, awareness, and cultural responsibility, Drake students will pursue the ideal wherein all persons have value and a voice. They will learn to examine aspects of society in relation to nationality, race, ethnicity gender or culture, including the interactive nature of relations among people who differ according to these categories.

One course

ANT	105	Cultural Anthropology	FLS	242	Intermediate Spanish II
ASL	171	American Sign Language II	FLS	266	Adv Span: Latin Am & Span Cult
CLS	140	Understand Cultures: The Mideast	LIT	158	Literature of the African Peoples
CLS	151	Understanding Cultures: Latin America	LIT	227	Lit and Culture: World Poetry
CLS	159	Understand Cultures: Indig Cntrl America	PHI	125	Native American Philosophies

FLF	242	Intermediate French II			
FLG	142	Elementary German II			
FLG	242	Intermediate German II			
FLS	142	Elementary Spanish II			

HISTORICAL FOUNDATIONS (HISF)

Drake Students will gain greater understanding of the historical foundations of the modern world and the interconnections of global cultures. Two courses are required in this area of inquiry. Students will use historical analyses to study the interplay of multiple forces of change over time. Courses that count for this AOI will engage students to achieve at least two of these student learning outcomes.

Choose two

ART	203	Art History I
ART	204	Art History II
HIS	121	Ancient Mediterranean World
HIS	122	Europe in the Age of Monarchy
HIS	123	Europe in the Age of Revolution
HIS	124	Europe in the Age of Nationalism
HIS	135	Modern World Military History
HIS	151	U.S. History To 1877
HIS	152	U.S. History Since 1877
HIS	254	American Indian History
HIS	291	History of Science

INFORMATION LITERACY (INFO)

Drake students will learn to acquire, analyze, interpret, and integrate information, employing appropriate technology to assist with these processes, and to understand the social and ethical implications of information use and misuse. Drake students will use appropriate sources, including library and internet resources, to process and evaluate information. Students will gain an understanding of the social and ethical issues encountered in a networked world, an ability to assess the quality of information, and learn appropriate ways to reference information sources.

One course

CIS	171	Java Programming I	CSC	142	Computer Science
-----	-----	--------------------	-----	-----	------------------

CLS 192 Communication and Culture

MMS 101 Mass Media
MMS 165 Media History

QUANTITATIVE LITERACY (QUAN)

Students will learn to reason with the symbols and components of mathematical languages as well as effectively use the principles that underlie these operations. Courses that satisfy this requirement will have mathematical reasoning as their principal focus. They may also address questions that engage learners with the world around them and help them to analyze quantitative claims that arise from the study of civic, political, scientific, or social issues. Quantitative literacy courses may be focused on the mathematical needs of a specific discipline or on a specific interdisciplinary issue or problem. These courses will engage students to achieve these student learning outcomes.

One course

MAT	115	Mathematics and Society
MAT	117	Math for Elementary Teachers
MAT	120	College Algebra
MAT	140	Finite Mathematics
MAT	149	Linear Algebra
MAT	150	Discrete Math
MAT	157	Statistics
MAT	162	Business Statistics
MAT	165	Business Calculus
MAT	210	Calculus I
MAT	216	Calculus II
MAT	219	Calculus III

SCIENTIFIC LITERACY (LIFE, PHSC)

Scientific literacy is crucial for understanding the issues that affect the future for all people, locally, nationally, and globally. Drake students will gain a basic understanding of content, methods, and contributions of science through courses rooted in the content of the life/behavioral and physical sciences. Through significant exposure to experiment and theory, students will be able to meaningfully interpret and evaluate scientific information for personal and professional applications as engaged citizens. All courses that fulfill this AOI will engage students to achieve basic scientific literacy; individual courses will pursue the additional outcomes as appropriate to their disciplinary or interdisciplinary focus. Drake students will complete two courses in this area of inquiry, including one in the life/behavioral sciences and one in the physical sciences. At least one course taken for this AOI will include a laboratory or field experience.

Choose two, one from each category and at least one with a lab

One Life/Behavioral Science

BIO	104	Introductory Biology w/ Lab
BIO	112	General Biology I
BIO	113	General Biology II
BIO	168	Human Anatomy and Physiology I w/lab
BIO	173	Human Anatomy and Physiology II w/lab
CHM	132	Intro to Organic & BioChem
CHM	262	Organic Chemistry I
CHM	272	Organic Chemistry II
ENV	115	Environmental Science
PSY	111	Introduction to Psychology

One Physical Science

CHM	110	Intro to Chemistry
CHM	111	Intro to Chemistry Lab
CHM	132	Intro to Organic & BioChem
CHM	165	General Chemistry I
CHM	262	Organic Chemistry I
CHM	272	Organic Chemistry II
PHS	151	Introduction to Astronomy
PHS	170	Physical Geology
PHY	120	Introductory Physics
PHY	162	College Physics I
PHY	190	Physics I
PHY	212	Classical Physics I

VALUES AND ETHICS (VE)

Students will learn to recognize ethical issues and to reflect critically upon the demands of conscience. They will develop as reflective practitioners with an understanding of the larger goals of stewardship inherent in their professional endeavors, and have a sense of obligation that extends to beyond the self. They will develop an understanding of the skills and knowledge necessary to anticipate the consequences of actions as well as an understanding of the dispositions necessary to develop a commitment to ethical conduct. Students will develop the basic tools required to question themselves and others in a responsible manner and to evaluate the ethical implications of both collective and personal choices.

One course

BUS	185	Business Law I
CRJ	101	Ethics in Criminal Justice
PHI	105	Introduction to Ethics
PHI	160	Environmental Ethics

WRITTEN COMMUNICATION (WRIT)

Drake students will learn to read with discrimination and understanding and to write persuasively. Drake students will learn to shape their writing according to subject, purpose, medium, context and intended audience. This area of inquiry may be satisfied by a single course, provided that writing is a significant component of the course, significant attention is directed towards the teaching of writing, and a significant portion of the student's grade focuses on the quality of writing, independent of the subject matter.

One course

ENG	105	Composition I
ENG	106	Composition II
ENG	108	Composition II: Technical Writing
ENG	120	College Writing
ENG	221	Creative Writing
ENG	225	Creative Writing: Poetry
ENG	235	Creative Writing: Playwriting/Screenwriting
ENG	238	Creative Writing: Nonfiction
ENG	240	Advanced Creative Writing
ENG	245	Advanced Creative Writing: Short Fiction
MMS	131	News Reporting
