

DRAKE UNIVERSITY ARTICULATION AGREEMENT

with

SOUTHWESTERN COMMUNITY COLLEGE

*a course equivalency listing and
transfer planning guide for the*

AREAS OF INQUIRY DRAKE CURRICULUM

*DRAKE GENERAL EDUCATION FOR ENTRY
SPRING 2020 AND LATER*

This articulation agreement is based on the Southwestern Community College 2019-2020 General Catalog and the Drake University 2019-2020 General Catalog. Changes may occur prior to your first semester at Drake University. In the academic advising appointment with your Drake University College or School representative, inquire about any changes and how they may be relevant to creating your degree plan and reaching your educational goals. Please refer to www.drake.edu for up to date information.

For more information please contact:

Drake University Office of the Registrar, 2507 University Avenue,
Des Moines, IA 50311
Phone: 1-515-271-2025
www.drake.edu

Welcome!

Course Applicability

EQUIVALENT: For courses from SWCC which have direct course equivalents at Drake, this agreement shows the Drake course with the course number in boldface.

ELECTIVE: Students will be granted college transfer credit for courses in this category. However, these courses are not equivalent to any single Drake course. A course in this category may be used to fulfill required or elective course requirements at the discretion of the Associate or Assistant Dean of the Drake college or school in which a student is enrolled.

CAREER-TECH: A maximum of 16 semester hours of career-technical elective credit may be granted at the discretion of the Associate or Assistant Dean of the Drake college or school in which the student is enrolled.

NO CREDIT: Drake will not grant credit for these courses.

Regardless into which category a course may be placed (equivalents or electives), the Academic Representative of the Drake college or school to which you are granted admission will determine how each transfer course meets specific requirements for the degree you are seeking.

Drake's Areas of Inquiry

Most courses are accepted by Drake at their SWCC semester hour value. The courses outlined will count toward satisfying the Drake Curriculum Area of Inquiry (AOI) requirements for majors in all of the colleges and schools at Drake University. A maximum of 66 semester hours of transfer credit from two-year institutions will be accepted. The Associate or Assistant Dean of the Drake college or school in which a student is enrolled will determine how each transferred course meets specific degree requirements.

Achievement guidelines are established in **ten Areas of Inquiry (AOIs)** that reflect the fundamental Drake Curriculum principles and emphasize responsible decision making and self-discipline. **The approved Drake Curriculum course list for current Drake students can be accessed on line at www.drake.edu/dc/**

To fulfill Drake Curriculum Areas of Inquiry (AOIs), 37-38 semester hours of course credit must be completed. The First Year Seminar and Senior Capstone requirements combined total 4-6 semester hours of credit. Total credit hours required to complete the entire Drake Curriculum: 41-44 semester hours. Transfer students are not required to complete all of the coursework prior to enrollment at Drake. In some cases, a course may be approved for more than one AOI. For example, BUS 185 is approved for both the Critical Thinking and Values and Ethics AOIs. In those cases, the course may be applied in only one area. These courses, however, may simultaneously count toward a specific college or major requirement. Students are strongly encouraged to keep course syllabi from transfer institutions so that a closer evaluation may be made in the event that a course may need to be re-evaluated for its applicability to the Drake Curriculum plan. Drake University will also accept some AP, IB and CLEP subject tests to fulfill certain Drake Curriculum Areas of Inquiry

The AOI abbreviations (i.e. "WRIT" or "CRIT") are located in the right column of the Course Equivalency Guide and in each AOI heading below.

ARTISTIC EXPERIENCE (ARTS)

Drake students will learn to interpret and/or create art. Art constructs an essential and ongoing dialogue among individuals, cultures, and societies. Art--whether it takes visual, musical, or theatrical form--grows out of sustained intellectual inquiry. Drake students will recognize that art provides distinctive ways to engage the world and create expressions of the human condition.

One course

ART	101	Art Appreciation
ART	117	Computer Graphic Design
ART	120	2-D Design
ART	123	3-D Design
ART	133	Drawing
ART	143	Painting
ART	163	Sculpture
ART	203	Art History I
ART	204	Art History II
DRA	101	Introduction to Theatre
DRA	110	Introduction to Film
MUS	100	Music Appreciation
MUS	102	Music Fundamentals
MUS	205	Jazz History and Appreciation

CRITICAL THINKING (CRIT)

The Drake Curriculum makes an intentional effort to help students acquire the skills for rational analysis and argumentation. Critical Thinking should be purposeful, rigorous, self-reflective, and based on a careful consideration of evidence.

One course

ACC	131	Principles of Accounting I
BUS	185	Business Law I
CIS	171	Java
LIT	161	The Short Story
LIT	210	The Graphic Novel
MKT	150	Principles of Advertising
PHI	101	Introduction to Philosophy
PHI	105	Introduction to Ethics
PSY	251	Social Psychology
SPC	101	Fundamentals of Oral Communication
SPC	112	Public Speaking

THE ENGAGED CITIZEN (CITZ)

Drake students will learn to participate effectively in democratic processes. Democracy relies upon the participation of an engaged, knowledgeable and responsible citizenry. As preparation for active participation in public debate, Drake students learn to evaluate the mix of diverse values and interests that influence democratic decision-making. In a sophomore level course, students have the opportunity to bring diverse disciplines to bear in further developing the skills, knowledge, and dispositions that will lead them to be active stewards working for the common good of local, national and global communities. This requirement will be fulfilled through coursework that challenges students to critically reflect upon the social, economic or political institutions and issues that shape the choices they will face as citizens. Instructors will provide students with opportunities to model democratic practices or public engagement through participatory activities organized in the classroom and/or community. Engaged Citizen courses require sophomore standing (students must have 30 or more credit hours).

One course

ENV	154	Introduction to Renewable Energy
HIS	268	American Experience in Vietnam
SOC	210	Men, Women, and Society
SPC	101	Fundamentals of Oral Communication
SPC	112	Public Speaking

GLOBAL AND CULTURAL UNDERSTANDING (GLOB)

Through understanding the interaction of knowledge, awareness, and cultural responsibility, Drake students will pursue the ideal wherein all persons have value and a voice. They will learn to examine aspects of society in relation to nationality, race, ethnicity gender or culture, including the interactive nature of relations among people who differ according to these categories.

One course

ANT	105	Cultural Anthropology
CLS	150	Latin American History & Culture
EDU	220	Human Relations for the Classroom Teacher
FLS	142	Elementary Spanish II
FLS	232	Intermediate Spanish II
GEO	121	World Regional Geography
HIS	142	Middle Eastern Studies
HIS	211	Modern Asian History
HIS	253	American Indian History and Culture
HIS	257	African American History
HUM	164	Non-Western Culture-Japan
LIT	130	African American Literature
LIT	185	Contemporary Literature
REL	101	Survey of World Religions
SOC	200	Minority Group Relations

HISTORICAL FOUNDATIONS (HISF)

Drake Students will gain greater understanding of the historical foundations of the modern world and the interconnections of global cultures. Two courses are required in this area of inquiry. Students will use historical analyses to study the interplay of multiple forces of change over time. Courses that count for this AOI will engage students to achieve at least two of these student learning outcomes.

Choose two

ART	110	Contemporary Art & Issues
ART	203	Art History I
ART	204	Art History II
CLS	150	Latin American History & Culture
HIS	110	Western Civilization: Ancient to Early Modern
HIS	111	Western Civilization: Early Modern to Present
HIS	117	Western Civilization I: Ancient and Medieval
HIS	118	Western Civilization II: Early Modern
HIS	142	Middle Eastern Studies
HIS	151	US History To 1877
HIS	152	US History Since 1877
HIS	201	Iowa History
HIS	211	Modern Asian History
HIS	224	Nazi Germany
HIS	231	Contemporary World Affairs
HIS	253	American Indian History and Culture
HIS	257	African American History
HIS	266	The Civil War
HIS	268	American Experience in Vietnam
HIS	271	American Frontier History

INFORMATION LITERACY (INFO)

Drake students will learn to acquire, analyze, interpret, and integrate information, employing appropriate technology to assist with these processes, and to understand the social and ethical implications of information use and misuse. Drake students will use appropriate sources, including library and internet resources, to process and evaluate information. Students will gain an understanding of the social and ethical issues encountered in a networked world, an ability to assess the quality of information, and learn appropriate ways to reference information sources.

One course

CIS	171	Java
COM	140	Intro to Mass Media
EDU	255	Technology in the Classroom

QUANTITATIVE LITERACY (QUAN)

Students will learn to reason with the symbols and components of mathematical languages as well as effectively use the principles that underlie these operations. Courses that satisfy this requirement will have mathematical reasoning as their principal focus. They may also address questions that engage learners with the world around them and help them to analyze quantitative claims that arise from the study of civic, political, scientific, or social issues. Quantitative literacy courses may be focused on the mathematical needs of a specific discipline or on a specific interdisciplinary issue or problem. These courses will engage students to achieve these student learning outcomes.

One course

BUS	210	Business Statistics
BUS	230	Quantitative Methods for Business Decision Making
MAT	110	Math for Liberal Arts
MAT	111	Math for Liberal Arts
MAT	117	Math for Elementary Teachers
MAT	120	College Algebra
MAT	121	College Algebra
MAT	127	College Algebra and Trigonometry
MAT	128	Pre-calculus
MAT	140	Finite Math
MAT	150	Discrete Math
MAT	156	Statistics
MAT	165	Business Calculus
MAT	210	Calculus I
MAT	216	Calculus II
MAT	219	Calculus III

SCIENTIFIC LITERACY (LIFE, PHSC)

Scientific literacy is crucial for understanding the issues that affect the future for all people, locally, nationally, and globally. Drake students will gain a basic understanding of content, methods, and contributions of science through courses rooted in the content of the life/behavioral and physical sciences. Through significant exposure to experiment and theory, students will be able to meaningfully interpret and evaluate scientific information for personal and professional applications as engaged citizens. All courses that fulfill this AOI will engage students to achieve basic scientific literacy; individual courses will pursue the additional outcomes as appropriate to their disciplinary or interdisciplinary focus. Drake students will complete two courses in this area of inquiry, including one in the life/behavioral sciences and one in the physical sciences. At least one course taken for this AOI will include a laboratory or field experience.

Choose two, one from each category and at least one with a lab

<u>One Life/Behavioral Science</u>		BIO	163	Essentials of Anatomy & Phys w/lab	
BIO	105	Introductory Biology w/ lab	CHM	261	Organic Chemistry I (with lab)
BIO	112	General Biology I w/ lab	CHM	271	Organic Chemistry II (with lab)
BIO	113	General Biology II w/ lab	ENV	111	Environmental Science(with lab)
BIO	114	General Biology IA	PSY	111	Introduction to Psychology
BIO	115	General Biology IIA			
BIO	130	Animal Biology w/ lab			

One Physical Science

CHM	112	Intro to Chemistry (w/lab)	PHS	125	Physical Science (with lab)
CHM	166	General Chemistry I (with lab)	PHS	142	Principles of Astronomy
CHM	261	Organic Chemistry I (with lab)	PHS	166	Meteorology: Weather & Climate
CHM	271	Organic Chemistry II (with lab)	PHS	185	Intro to Earth Science
ENV	154	Introduction to Renewable Energy	PHY	110	Survey of Physics I
PHS	113	Intro to Physical Science	PHY	162	College Physics I w/ lab
PHS	120	Exploring Physical Science	PHY	212	Classical Physics I w/ lab

VALUES AND ETHICS (VE)

Students will learn to recognize ethical issues and to reflect critically upon the demands of conscience. They will develop as reflective practitioners with an understanding of the larger goals of stewardship inherent in their professional endeavors, and have a sense of obligation that extends to beyond the self. They will develop an understanding of the skills and knowledge necessary to anticipate the consequences of actions as well as an understanding of the dispositions necessary to develop a commitment to ethical conduct. Students will develop the basic tools required to question themselves and others in a responsible manner and to evaluate the ethical implications of both collective and personal choices.

One course

BUS	185	Business Law I
PHI	105	Introduction to Ethics

WRITTEN COMMUNICATION (WRIT)

Drake students will learn to read with discrimination and understanding and to write persuasively. Drake students will learn to shape their writing according to subject, purpose, medium, context and intended audience. This area of inquiry may be satisfied by a single course, provided that writing is a significant component of the course, significant attention is directed towards the teaching of writing, and a significant portion of the student's grade focuses on the quality of writing, independent of the subject matter.

One course

ENG	105	Composition I
ENG	106	Composition II
ENG	111	Technical Writing
ENG	221	Creative Writing
ENG	238	Creating Writing Non-Fiction

COURSE EQUIVALENCY GUIDE

SWCC Course Number	SWCC Course Title	Drake Course Equivalent	Credits	Area of Inquiry (AOI)
1 Note: Students will be evaluated individually for appropriate music theory placement. Credits will be reassigned as equivalents to Drake's music theory sequence, when appropriate, after proficiency testing has been completed.				
2 Music majors: performance group and applied music courses will be reviewed for transfer toward the major requirements depending on specific instrument and restrictions for credit as stated in the Drake General Catalog for applied music courses.				
3 Note: Will substitute for MUS 112 at Drake University, but will not transfer as an upper level course. Required for all music majors, elective credit in all other colleges and schools.
