Gesine will be in the Library Café on Thursday from 12-2pm. Please stop by if you want to chat about more admission days. Thanks for presenting your departments at the Academic Fair today!

This is just a small number of the many events put on by you and your students. How good it is to see that the opera program will be putting on a new production of Carmen! And the Fall Concert series continues with the grand opening of the Howard Hall second-floor bathrooms! And you should have seen (and heard) the symphony's first performance of the year. What a way to start.
