

## Welcome to Starfish®

Starfish provides you with a central location to connect to the people and services that can help you finish what you start – all accessible from the side navigation menu of your Starfish **Home** page.

To get to Starfish, go to the MyDrake portal and find the Starfish link under Campus Resources.

After clicking on the Starfish link on myDrake, one of two things will happen.

1. If you have not already accessed an application using Single Sign-On, you will receive a login screen and need to enter your Drake credentials. User name can be either your Drake ID# or your Drake email address.
2. If you have already accessed an application using Single Sign-On and entered your Drake credentials, you will be taken directly to Starfish (no credential entry and login required).

The navigation menu  includes access to a customizable profile and personalized channels that make it easy to schedule the dedicated time you need with your instructors, advisors, or other student services staff. Starfish can also help you manage the steps you need to take to stay on track and meet your goals.

Here are three great ways to get started:

1. **Set up your profile**

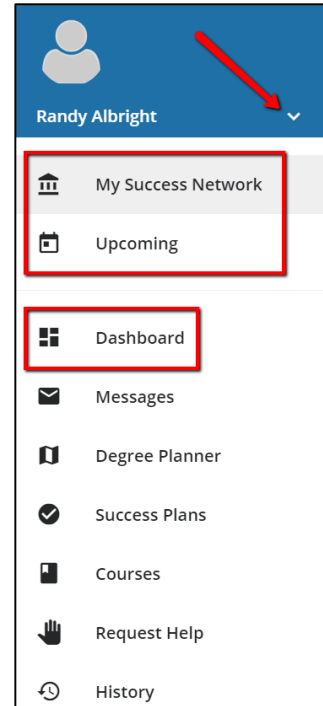

Make it easier for your instructors and advisors to get to know you and stay in contact.

2. **Connect to people and services that can help you**

Use your personalized **My Success Network** and **Courses** channels for quick access to contact information, **appointment scheduling**, and **course help**.

3. **Stay on track**

Use the **Upcoming** tab to keep track of upcoming appointments, and your personalized **Dashboard** to see assignments, plans, and recommendations from your instructors.

**Not sure what you need?**

Browse the **Services Catalog** or use the **Request Help** option if you can't find what you're looking for through your personalized channels.

*That's it. Simple for you. Powerful for your future.*

**Set up your Profile**

Begin by setting up your student profile. Your profile lets instructors and advisors know who you are and how to contact you. It also gives you control over how you wish to receive emails.

1. Open the navigation menu and click your name, and then **Profile** to open your profile.

From here, you can customize your profile by uploading a photo, setting appointment reminders, and adding a secondary email address for receiving Starfish emails (e.g. your mobile phone).

## Messages

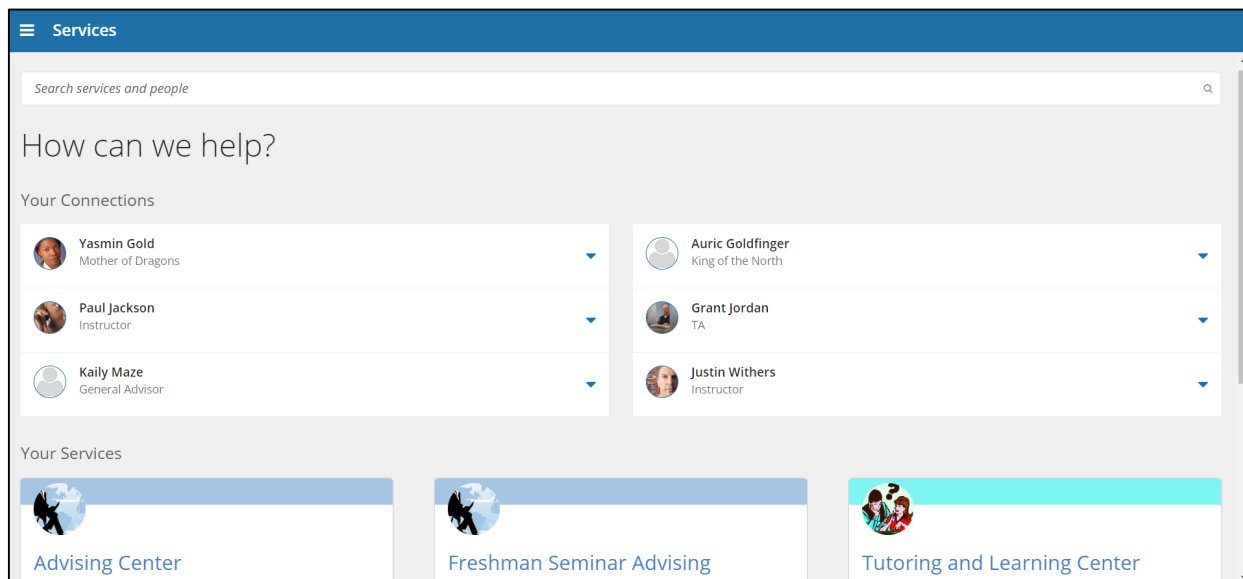

Select **Messages** to display messages sent to you in Starfish. Click on any message in the list to display the full contents of that message.

## My Success Network

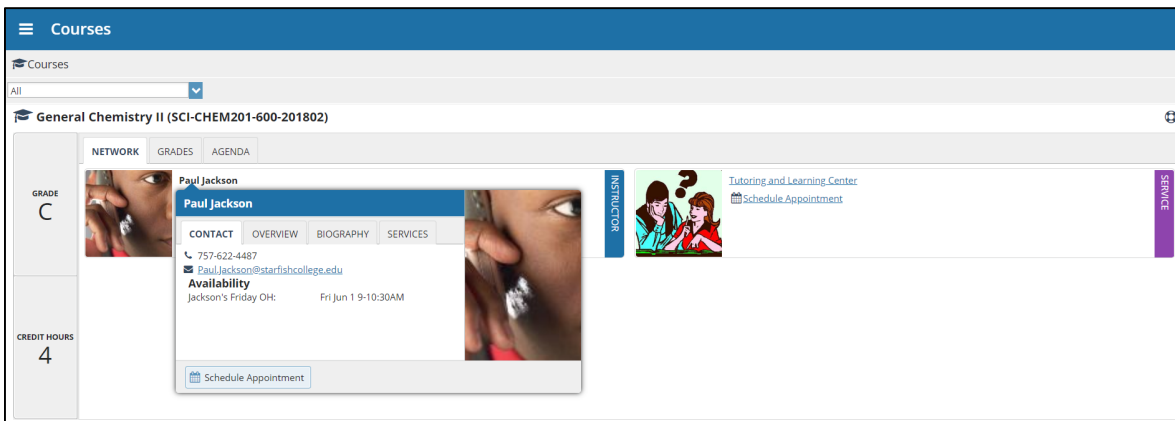

Select **My Success Network** from the navigation menu to display your personalized network. This channel lists the people and resources that are available to assist you. For each person or service listed, you will find contact information, supporting websites, and, if online scheduling is enabled, a link to **Schedule Appointment**. If a service includes a waiting room for walk-in appointments, you can click the “Waiting Room” link to find out how many students are currently in line.

The Services that are most relevant to you are displayed first. Select Show Other Services at the bottom of the page to see additional services.

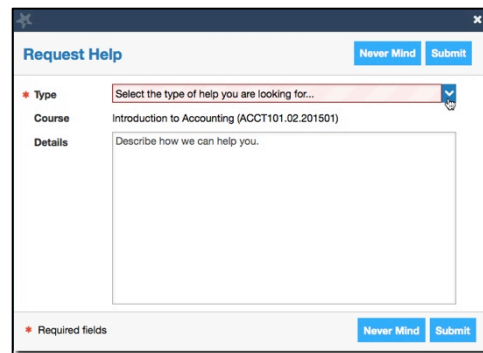

## Courses

Select **Courses** from the side navigation menu to display information about courses you are enrolled in as well as contacts and available support related to each. Like the **My Success Network** channel, it is personalized to show the people and services specific to the courses you are taking, and gives you the ability to **Schedule Appointment** or **Request Help** related to a course.

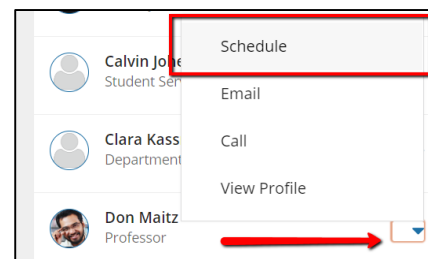

1. Click the Help icon (🗨️) link in the upper, right corner next to any of the courses in which you are currently enrolled.
2. This will bring up the **Request Help** form. Select the **Type** of help needed from the drop down menu and give specific **Details** on how staff can assist you.
3. Click the **Submit** button to submit your request when you are finished.

## Make an Appointment

1. From the **My Success Network**, click the triangle beside the name of the person you want to schedule an appointment with, and then select **Schedule**. If the person has not set up online scheduling, the schedule link will not appear and you can instead send an email to find a time to meet.
