# Program Change Application

Q33 The Academic Program Change process facilitates conversations between academic departments or programs and relevant administrative staff.  These conversations help to identify and respond proactively to applicable university policies, procedures, and standards; state, federal, and international laws; and promote protections (e.g., intellectual property) for program faculty, students, and administrative staff. Operationalizing new academic programs or changes to existing programs may involve the efforts of more than a dozen academic and administrative offices.

The term "Academic Program" refers to a combination of courses and related activities organized for the achievement of specific learning outcomes as defined by the institution. The term "program" is most often used as a conceptual umbrella that covers programming at both the undergraduate and graduate level, including majors, minors, certificates, specializations, concentrations, etc.

Please contact Kevin Saunders (kevin.saunders@drake.edu) for questions about the process or to request assistance.

Q13 Educational Objectives and Curriculum

Q14 Please describe the educational objectives

_____

Q15 Curriculum requirements: Program overview, curriculum guide/outline including Drake Curriculum, and pattern of attendance      Describe the curriculum requirements for completion of the degree programs, with clear identification of required and elective courses.      Identify new courses to be developed.  Include a curriculum calendar for each pattern of attendance for the program.   For undergraduate programs indicate how Drake Curriculum Requirements will be met.     Outline the pattern of attendance based on required terms of attendance as related to accreditation purposes for the program.   Outline the potential ramifications/impact of the curriculum on delivery of other undergraduate/graduate programs, delivery of the Drake Curriculum, or support needs (e.g., Academic Success, online programming, community engaged learning, Drake International). Please coordinate this with unit leadership and Deputy Provost.

Q17 Program accreditation or adherence to licensing standards (if applicable):

◯ Identify the accrediting/licensing body.  (1)
_____

◯ Describe any communication with the accrediting/licensing body.  (2)
_____

◯ Steps needed to achieve accreditation.  (3)
_____

◯ Indicate any costs/resources required to comply with accreditation/licensing requirements.  (4) _____

Q24 Resources

Q19 List the current Drake faculty (tenured, tenure-track, consecutive term) who are expected to teach as core faculty in the new program and briefly describe their major accomplishments in research, scholarship or creative activity in the area of the program.  If requesting additional faculty, programs should consider starting with continuous appointment/term contracts to support flexibility pending program development and review. If additional, faculty (tenure-track or consecutive term) will be needed by the program, note whether they will be added by reallocation within the college or requested new lines and when any new faculty are expected to be hired.  If the program relies on part-time instructors for required courses, project what proportion of courses in the new program will be taught by tenure-track faculty, by full-time nontenure track faculty and by part-time (adjunct) faculty.  What will be the desired academic or professional qualifications of the program's nontenure track faculty?  Identify any additional nontenure track faculty resources needed by the proposed program.

Q32 The program change process is meant to be collaborative and proactive to solicit input from the relevant offices and communicate program needs. Once the survey is submitted, the application will receive a review from various stakeholders including the Registrar's Office, Finance Office, Library, and ITS. These offices will provide feedback within 10 business days. A compilation of this feedback will be shared with the individual submitting this survey. Any issues or concerns should be addressed before the final document is formally considered by the Provost.
